A friendly, caring and safe school
Our students prosper in a safe, inclusive and nurturing learning environment that develops the school's core values of respect, friendship, cooperation and responsibility. We have effective social and welfare programs with a focus on social skills, self-confidence and community involvement.

Part of a great public education system
We have the qualified teachers, support and innovative programs that come from being part of the largest education system in the southern hemisphere. Bega Valley Public School is large enough to make the most of these programs and learning initiatives yet small enough to know and cater for the individual needs of our students.

Innovative educational programs
At Bega Valley Public School we offer:
- Innovative and challenging education programs
- Opportunities to excel
- A rich learning experience
- A safe, happy school
- Excellent facilities
- Strong Community Involvement

A rich learning experience
Our school has a strong emphasis on literacy and numeracy whilst the knowledge, enthusiasm and creativity of our highly qualified staff inspires our students to explore their individual interests in different subjects.

We provide enrichment and extension programs for gifted and talented students and specialised support for students with difficulties in learning.

Strong community involvement
We are a welcoming, friendly school community and have strong cooperative relationships with parents. Parents make valued contributions to the educational and managerial aspects of the school at all levels.

Give your child the best start
At Bega Valley Public School our students learn in a stimulating and challenging environment and are encouraged to reach their full potential.

Strong academic programs, highly dedicated staff and excellent facilities offer your child the very best opportunities for success.

I invite you to visit our school and discuss how we can meet the needs of your child.

Troy Mott
Principal
